

School for Autistically Impaired Learners

S.A.I.L., Inc.

Please receive this information as an introduction to the School for Autistically Impaired Learners, S.A.I.L. An introduction *especially* to parents with very young children diagnosed or even suspected with autism. S.A.I.L. is one-one, full day, and a year 'round academic program. We do not have time to waste!!!!

SAIL is a researched based program serving families with toddlers, preschool, and kindergarten age children diagnosed with autism, pervasive development disorders (PDD), or behaviors within the Autistic Spectrum Disorders (ASD), neurological conditions primarily effecting receptive and expressive communication and intra/inter-affective regulation and socialization skills.

Every child has an instructor!!! Every child has wrap-around therapy, *i.e.*, *Applied Behavior Analysis Therapy, Speech-Language Therapy, Occupational-Sensory Integration Therapy, Music Therapy, and Art Therapy.* The goal of *SAIL* is to provide individualized developmental instruction to children across the spectrum of autism as suggested by the **National Academy of Sciences, National Research Council.**

As stated by the **2002 National Research Council**, the best practices for children with autism are *holistic, early and intensive interventions* ~ implemented by *SAIL's* programming. *SAIL* offers support for siblings, families, and extended families. *SAIL's* children are primarily visual learners with accompanying auditory, vestibular, tactile, and proprioceptive support. Miracles occur everyday at *SAIL*!!

Enrollment in *SAIL* is exceptionally limited yet openings occur when children are ready for inclusion, within S.A.I.L.'s inclusion site or returning to the District of Residence. For application forms for enrollment in S.A.I.L., for answers to questions, or for more information, please see our website at www.sailohio.org or contact Dr. Marion Boss, Administrative Director. Dr. Boss can be reached at **419.537.SAIL** or **419.472.0099**, or **419.270.7720** or *e-mail* DrBossSAIL@buckeye-express.com or Marion.Boss@UToledo.edu.
